LB 242, 703

off right now and move down into LB 442, LB 242, excuse me, and try to do that. If we could work another 40 minutes or so today, maybe we could get a couple of these processed and done. I always hate to put an exact time onto it because if you're close and we can move a bill or two, it just helps for next week. And so at this point in time, if we could work just a little bit longer, we're going to try to work our way through those Speaker priority bills on Select File and then next week we'll...I'll have an agenda out for us to look at. And then just an announcement while you're all still here, next week Tuesday and Wednesday nights will be the nights we try to work to about 6:30. That's been working reasonably well. I've had positive feedback from everybody that let's us work late enough but still get some meals and just give you notice that would be Tuesday and Wednesday of next week. Thank you, Mr. President.

PRESIDENT MAURSTAD: Thank you, Mr. Speaker. Mr. Clerk, Select File.

CLERK: Mr. President, LB 242 on Select File. The E & R amendments have been considered and adopted as has been an amendment by Senator Chambers, two amendments by Senator Chambers adopted. The first amendment I have on the bill this afternoon, Mr. President, Senator Kristensen, AM1640. (Legislative Journal page 1641.)

PRESIDENT MAURSTAD: Senator Kristensen, you're recognized to open on AM1640 to LB 242.

SPEAKER KRISTENSEN: Thank you, Mr. President and members of the Legislature. This particular amendment is an attempt to include the accountability and disclosure things we need to do this year onto Senator Wickersham's bill. This is LB 703 that did come out of the committee, the Government Committee, without any opposition. What it does is it eliminates the local filing of a political committee's statement of organization. That's the one you have when you first start your campaigns. You still have to file them with the Accountability and Disclosure Commission, but you also had to file them with the county clerk where you reside. This would eliminate that local filing because those things show up on the Internet and the web site. So it
